

Grandview Christian School will again be offering non-contact flag football for the fall of 2019. The Fall Season is available for students in 4th-6th grades. We will offer a weekly practice, scrimmages, skills competitions and league games. The season starts in early August and ends in mid October.

Our non-contact flag football program is the ideal way for students to play football safely. For any skill level, the flag football practice sessions will teach your child the fundamentals of the game and build upon their developing physical and mental capabilities. Instructions and drills are specially designed for the 4th – 6th grade age group. Special emphasis is placed on teamwork, competitiveness and good sportsmanship as players of this age begin to understand the impact they have in relation to others.

In 2018 we had a great response from students and parents and in 2019 we would like to take the next step in our program. We are in the process of investigating the interest level of GVCS students, potential students and parents. Your response is not a commitment but rather an expression of interest and will help us to determine equipment and volunteer needs. Parent and volunteer meetings will occur prior to the season beginning.

**Volunteers:** If you have an interest in volunteering please let us know as well. No football experience is necessary just a willingness to work with our youth!

At this stage, the most important outcomes are to develop a love for the game, increased self-confidence and to have fun! We know you have many choices when it comes to youth activities so we would be thrilled to have you join us this season!

To express interest please send an email to: [ryan.z.sullivan@gmail.com](mailto:ryan.z.sullivan@gmail.com)

Include in the Subject Line: GVCS Flag Football 2019.
